SIGNIFICANT EVENTS OF 2008 AFTER THE REPUBLIC WAS DECLARED

AS REPORTED BY REUBEN RAI

The Football Foundation has been registered with the government. For the first time in the history of this Hindu dominated nation Church Boys United Football Foundation Pvt Ltd was registered as a non-profit Christian organization. Apart from the sports activities and development, we plan to have public library, orphanage, school for children, micro loan program etc. Authorities did not want to register us because we carried a Christian name and values. After a long debate, we found favor.

The brothers tried to present the gospel to people living in a Maoist (communist) camp, but they were refused entrance. After the game was over, they came and said, “we are so happy you came to this place and organized this tournament. Can you share something about Jesus Christ?”

Street drama and cross carrying. Traffic was jammed, journalist came, TV came, police helped us, many churches participated.
