

NEPAL January & February, 2011 Report

Enclosed is the latest report from Nepal. Only Jesus knows how long we will be able to openly share the Gospel there. Your prayers and support of BASIC ministries help us to get the good news about Jesus out while the doors are open. Thanks so much for standing with us as we seek to reach the unreached of the world for Jesus.

Henry & Rita Pulsifer

Dear Brother Henry & Rita

Bible Distribution

Bible Distribution Ministry - We have distributed Bibles to schools, colleges, universities, churches and individually to many people in Nepal during January and February 2011. This was possible because of your support. Scriptures are being sown in the hearts and the homes of the people in Nepal. Without your help we could not have done this. Thank you for playing a vital role in changing their hearts. Please be sure to check the link below to see more photos on handing out the Bibles.

Film Showing Ministry - Salman and his team are showing the Jesus film and other evangelistic films in villages around Nepal. Sometimes requests come from the mountains and they have to climb carrying the

Film Showing

projection equipment to show films. Sometimes there is no road or no vehicle going up the mountain. Sometimes the road is muddy and slippery. Film Project equipment is heavy because they need to carry petrol (gasoline) for the power generator. They have shown films to thousands of people in remote places in Nepal. They have two needs and they hope someone will bless them. The first need is for a voltage controller to safeguard the projector from lightning and rain. Without this item the projector could be burned up at anytime. They bear the risk of showing the Jesus film even without the voltage controller. The voltage controller costs no more than 120 US dollar. Another need is sleeping bags. The film crew travels. They do not know where they are going to sleep. Sometimes they need to sleep outside a home without a tent. So they need sleeping bags. They hope to have this as a blessing from someone. Please remember that these film teams work voluntarily and they do not have regular financial support. Please visit my blog to know more about me personally. <http://www.freewebs.com/reubenrai/apps/blog/show/6362723-10-march-2011>

It is my privilege to bring you the January and February 2011 Ministry Reports. Working together in partnership is the only way to achieve our goal. I can't write without thanking you for each prayer you have spoken to God for us and every single rupee that you have contributed to the evangelism and school in Nepal. You are very very precious to us. I can't repay you back, but I pray that your reward in heaven would be great. It is an honor for me to bring you the report of how God is working in the Himalayas in Bible distributions, film projects, sports ministries and the ministries among the children.

Bible Distribution

Sports Ministry - One of the calls I have from God is in sports ministry. Right now we are training 20 players to play football (soccer). We share with them about Jesus every day. We have given them Bibles. We show them the Jesus film and some other evangelistic films. We're asking to start a sports church. I am praying for this. I am working very hard to lead the youth to Jesus. Our club, Church Boys United, is the only Christian club in Nepal that works in Sport.

Children Ministry - Please help us start a Children's Ministry in Nepal. You might want to help us write Sunday

clothes and providing them adequate food. If you have a heart of love and care towards these orphans and poor children please let us join our hands together to bring them back to God's family. I have a list of orphans and poor children who need assistance for shelter and for their education. I am praying and planning to keep them all in one house. I won't write all the details here for their privacy because this page goes to the internet also.

Ginger Production for Pastors - I want to help pastors and evangelists. One of the successful ministries is to help provide what they need in their lives. Many of our pastors have fields but they do not grow what people need. To grow rice you need to have sufficient water, but the places they are living do not have water. So they can't grow rice. They can grow ginger. Ginger is one of the most consumable products in the market. If we can provide funds to grow ginger then pastors can become self supporting. Please pray for this. I would like to help Pastors grow ginger so that they can feed their families and do ministry without diverting their concentration.

I want to thank you from the bottom of my heart for your prayers, for your generosity, and love and care which you have shown to us. We will never forget your kindness which you have given to us.

Finally, I ask your biggest prayer for the Basic Bible School in May 2011 that God will supply us the needed funds to train up new disciples for the work of the ministry in Nepal. Without your support it is almost impossible to complete the task. So please lift this school in your prayers to the Lord. Together we do a great work for the Lord.

school material. We oversee and help at least 18 churches children ministries but we have not been able to provide them with Sunday school curriculums, so far. Children are tomorrows pastors, evangelists, teachers and missionaries. God will change the lives of thousands through them. I am asking God to show us how to work among Children and you can also help us.

In speaking about Children Ministries, I want to talk about orphans. God has put in my heart to help those in need. Especially those children who do not have their parents, and those single Moms who live in poverty and have difficulty bringing up their little kids, paying their school fees, sewing them new
