

NEPAL/INDIA REPORT #6

May 10, 2008

I (Henry) am on my hands and knees as I type this report. No chairs in the room where we're staying. We plan to send it from a cyber cafe just across the street. We have held a two day workshop on establishing God's Kingdom in Nepal. In addition we have spoken in several churches, and a number have raised there hands to receive Jesus. Ann led a workshop on spiritual warfare that got a very positive response. They are wanting to hear more so we have left the book she was using with Reuben. He is the Nepali who has been guiding the work here. He plans to teach more in the future.

Monday and Tuesday we are scheduled to hold one day workshops at two different village areas. Wednesday we plan to do a prayer walk in the town where we are staying. There are plans to start a church planting project here soon. Friday we plan on returning to Kathmandu.

Please continue to keep us in prayer, especially the return flight to Kathmandu. Our health is much better, but keep praying for it. Thanks again for standing with us. You are an important part of what God is doing here.

When we post this on th internet we will attach photos that will give you an idea of what's been happening. Dial up will not allow us to send them now.

Servants of Jesus,

Henry & Ann

Leaving for East Nepal with Reuben and his family

The class that attended the two day workshop on
Evangelism & Discipleship

The workshop was crowded several stood out side to receive training

Sharing the Gospel in East Nepal

Ann leads a workshop on spiritual warfare
