

Dear Brother Henry and Sister Ann,

**Nepal Ministry Report August, 2009**

Thank you for continuing your support, and for the prayers of every one. Here is my ministry update.

**2nd Madhumalla Gospel Challenge Cup 2009:** The games were held in Madhumalla from 6-15 August with 10 best teams in east Nepal. 17000 people were gathered. We distributed 7000 gospel tracts; more than 70 Nepali Bibles were given as a token of love to politicians, social workers and local churches. I had a live interview on radios where I spoke them saying that the 'purpose of organizing this tournament is to make known the name of Jesus Christ'. East Nepal senior Pastor N D Thulung also gave a speech on the meaning of the 'gospel'. The word 'Gospel' brought much curiosity among the people who were not familiar with it. Prior to the game at the press meeting, many journalists asked me

many question regarding the 'a' church community participating in such a huge task, and of course about the meaning of the gospel. The Gospel message has been heard by people in east Nepal, from the mountain zone and as far away as Sikkim in India. All glory to God. Next time we would like to gather as many as 30000 people and preach the gospel to them. This game had a very positive impact on people and political parties there.

**Bible School:** After the tournament we organized a Basic Bible school in Urlabari where 14 students attended. Bharat taught them about the Christian life and I taught them about Church Life and Family life. They told us they were so glad to come to the training because they learned so many things there, in a very simple way and an effective way. They said they would teach their believers what they learn in the training, which made us so happy. They asked us to continue another training later. Let's pray for them, they want to learn so many things about God so that they can do ministry and disciple other. I believe disciple making is the only a way to win Nepal for Jesus. If we make them disciples then they will also make disciple. I asked them how many of you would like to join in the outreach phase, and most of them raised their hands. We will run another bible school in Manahari in central Nepal from 23 November. Please pray for this.

**Outreach in Dasami:** After the Basic School, we took a 17 member jumbo Basic outreach team to Dasami which is in the mountains. It is 5 hours by Jeep and a 4 hours walk. Ladies cooked the food. In the morning we had class, and in the afternoon we did outreach. There were some children also in the class. At first I hesitated to accept them as a students, but suddenly I thought that Muslim teach their children the Koran

to defend their religion, Buddhist take little children to make them monks, Hindus send their small kids to read Sanskrit so that they can do Hindu rituals; then why can't we as a Christian teach our children about God? Yes we should teach our children about our faith and about our God. We should remember our heritage and our responsibility to raise up God fearing children. I taught them basic family life so that it would help them grow in faith. We went down to one government school. There were many school children, teachers and villagers. We proclaimed Jesus through song, through tracts and through the word. We would like to thank the teachers of the school who allowed us to use their class time to speak about Jesus. It is our duty to speak forth the word, and it's the Holy Spirit's work to convert the hearts of the people. God can't work alone, He needs us. In one house during the gospel song an old lady brought a basket full of

Nashpati (like pears) and our team was full. She thought that we are a Dhausi Bhailo team. Dhausi Bhailo is played house to house during Hindu's greatest festival Tihar, and they eat food & fruits and collect money. In this place children watched us sing surprisingly. In another house, a family gave us boiled Potatoes and Lime after the singing. We prayed for that family and returned. I sensed in my spirit that there will many who would call upon the name of the Lord in these mountains in future. So please pray for the people living in Dasami and around. At evening every day up to 7:30 pm, (because they go to bed around 8) we use to gather in the Dasami Bazar. One

orders tea, another pickups guitar, another sings a chorus and another dances, and eventually people gather and one preaches the gospel. This was our strategy. This routine became a habit for us. We did this till we returned. Just imagine if we could bring a film projector here; then how many would gather? We are going to do this. There is nothing impossible with our God. Like in the days of Caleb, God has already given us the land, let's have faith, let's go and possess it. Let's don't just stay here. Christian workers don't ask for salary, they just ask bus fare and food. If we do this they will do the work. On our way back home, we picked off at least 3 blood sucking worms from each one of our feet. WOOHOOOO

After the outreach I went to meet my parents. I asked them what their need was? They said something they needed was electricity for the house. Now they use a kerosene lamp. Just to charge a cell phone battery they need to come down three hours walking. I asked them, "what is the price of a solar power system". They said 68000 Rupees. I pray the Lord would provide what they need.

*Our boys uses hand tricks to gather people in the public outreach*

I am going to close now, but before I do that I would like to share a very very important prayer request. Please continue to pray for me and write me emails even though you do not hear much from me. It is due to the fact that I am in remote places with no computer. I am praying for the latest small portable laptop which I can carry even though I go to the mountains. I need this so I can be in contact with you. Sometimes prayers are so important to share, but I have no way to send them. Yesterday, I bought Nepal telecom Sky phone post-paid cdma r-uim card which provides internet in laptop. If I have laptop, I can access emails anywhere in Nepal no matter how far I go in the mountains.

### Prayers

**Film Project:** We are asking God to provide us fund to purchase Film Projection equipment.

**Bibles and Tracts:** We would like to purchase Bibles for new believers, and print tracts for Dasami.

**Bible School:** We will be running next Bible School in Manahari.

**Clothes to the Children:** We would like to bless poor (let's not say poor here after, they will get hurt) children this Christmas. Their age is below 10 years. I will send photographs after this email. Let's bless them this Christmas. Let's remember widows and orphans. Let's do true religion.

*Outreach team dances with the gospel song in the public market*

Rita and I love you; Rosanna and Reuel send their greeting.

*Reuben Tank Lal Rai*

A very little servant of a very Big God.

*Nepali Youth's reads tracts in Gospel Cup*

*People gathers to listen song and preaching in Dasami*
