

THOUGHTS ON THE ETERNAL KINGDOM

Are you in sync with God?

We have a program on our computers called Drop Box. It is used to synchronize the things we work on together. Synchronization is the coordination of events so a system operates in unison. If we are not connected to Drop Box, then we cannot synchronize what we're doing, and we will not be in unison as we work on things.

It is the same in the spiritual. The world is out of sync with God because of mans disobedience to God's Word. God calls this sin. Difficulties and challenges are part of living in an imperfect, sinful world. If we are in sync with God, He will give us wisdom and strength to overcome the difficulties and challenges we face. Getting in sync with God begins with trusting in Jesus' redeeming work on The Cross with all our heart. We stay connected to Him by keeping our heart totally surrendered to Jesus every day. As we spend time in the Word and prayer He will keep us in sync with Him and lead us by His Holy Spirit. Our obedience to The Holy Spirit enables us to live in unison with God and fulfill His purpose for our lives no matter what comes our way. Staying in sync with God will enable us to live a victorious life and hear Jesus say "well done" when we finish our journey.

QUESTION: Is your life in sync with God?

Scripture reference: John 15:5
