

9 August, 2009 Nepal Update

Here is the latest report from Reuben

Henry & Ann

.....Right now we are organizing the 2nd national Madhumalla gospel challenge cup 2009 where thousands of people are coming to watch the game every day, and they are being reached with gospel tracts by youths from 20 churches.

Many people are asking us the meaning of the gospel, and we are speaking to them about gospel through the mass media. Right now major national daily newspapers, TVs, radios and local media are broadcasting our news. It is going to be a great impact for those who are hearing it for the first time. Praise God!!!!

I am busy in sports ministry now. please pray. After the sports we have a one week basic training in Urlabari starting from 17th August, and practical for one week in the remote mountain areas. We start another basic training when we come back from the mountain.
